19) To keep up the efficiency and the reputation of the Corps, it is desirable that the casualties among bullocks in the field are replaced by bullocks of the Amrut Mahal breed, as those bullocks are reported to be doing useful work at the front.

20) It is ascertained from the Superintendent, Amrut Mahal Department, that he can arrange to supply annually as many as 200 bullocks to the Government of India to replace casualties in our T. corps in the field, without unduly diminishing the number of bullocks usually sold to the ryots.

21) According to letter No.7626 dated 24th October 1914 from the First Assistant Resident, the casualties in the field have to be replaced by the Government of India. As it is not possible for th Government of India to replace the casualties by the special breed of Amrut Mahal bullocks, our State will have to supply them. But it is a question whether it would be becoming on our part, though there is nothing to prevent us from laying a claim for payment, to demand a payment for the supply of special bullocks, we voluntarily undertake

Kindly let me know what should be considered as the Field .... strength of the Imperial Service Transport Corps in Personnel, animals Etc. Also whether the draft now called for is to increase the strength in the Field already sent or only to fill up vacancies.

2. Under recent orders of the Government of India, referred to in Mysore Government Order No.G.4272-9/Mily 21-14 dated 29-10-1914 (copy enclosed) all replacements of Transport animals and carts of Imperial Service Transport Corps, are to be made at the Cost of the Government of India. As animals are asked for now kindly ascertain and intimate to me early whether any modifications in the Orders of the Government of India are found necessary in the case of the Mysore Transport Corps.

Copy of the D.O. letter No.2072 dated 19th November 1916 from the Inspecting Officer Hyderabad and Mysore Imperial Service Cavalry to the Chief Commandant Mysore State Troops.

Please refer to your No.4305 dated 17-11-1916, regarding the question of replacements in the Field of the Transport Corps animals and carts.

2. As regards the carts - the pattern maintained by the Mysore Imperial Service Transport Corps being the same as that of the Indian Army Transport Units, such carts as become unserviceable will undoubtedly be replaced from the Field store Depots,, so no modification of the ordered referred to, is necessary, for "carts".

3. The case of the animals is different in as far as the .... bullocks are concerned. It is not possible for the Government of India to replace the Amrut Mahal bullocks, by others of the same breed, unless these are made available by His Highness.

4. The intention of the Government of India is quite clear, namel to provide and and pay for all replacements, and no modification has been suggested by them. The replacements however, would be by whatever breed of bullocks they have available.

5. Hence the points to be settled now are:-

(a) Is it desired to restrict replacements to bullocks of the Amrut Mahal and consanguineous Mysore Breeds, or not ?

(b) If such restriction is desired, then will these special breeds be supplied to the Government of India free or on payment ?

6. It is obviously desirable that the Corps should be kept .... provided with the Amrut Mahal bullocks to the greatest possible extent or failing these with other good Mysore stock, and so maintain its efficiency and reputation.

7. So if this restriction of breed is desired, and the extra charges so incurred, are to be met by the Government of India, then I have the honor to request that this question be brought up for disposal through the Hon'ble the Resident in Mysore, who will be able to obtain an early decision.

91

8. If, on the other hand, no such restriction is wanted, and it is desired that all replacements in the Field be made by the .... Government of India - then a simple intimation to this effect should b sent to me, and I will acquaint the necessary authorities with the decision.

9. If however, His Highness is pleased to modify voluntarily the order under reference, and to decide that all replacements of bullocks for his Imperial Service Transport Corps will be provided by and at th the expense of the Mysore State - then I shall have much pleasure in forwarding and conveying such decision to the proper authorities - but would recommend that a notification thereof be sent to the Hon'ble the Resident in Mysore.

10. Similarly with regards to the ponies and mules - but in this case the question of breed does not apply - it is merely a matter of whether the few ponies and mules likely to be required should be supplied also or not, according to the decision arrived at for ... bullocks.

11. Till I hear from you again about the points raised above I will not take further action.

To

D.M.Narasinga Rao Esq. B.A. B.L.,
Secretary to the Govt. of H.H. the Maharaja of Mysore,
General Department, Bangalore.

Sir,

In inviting a reference to my letter No.4938 dated 22-11-1916, I have the honor to inform you that as a large number of trained bullocks are required for the Transport Corps to meet the future demands for Reinforcements, I instructed, in anticipation of sanction of Government, the Superintendent Amrut Mahal Department to reserve about 250 bullocks, catch them and arrange to train them either at Tumkur or Birur This preliminary training is very necessary before the animals are .... received into the Lines.

2. In this connection the Superintendent Amrut Mahal Department has now submitted an estimate of cost for opening 2 training Depots, one at Bidrehalla, Gubbi Taluk and the other at Devanur Kaval, Kadur Taluk. The proposal will involve a monthly recurring expenditure of Rs. 542/- and initial charges of Rs. 685/- vide copy of statement put up. The Superintendent requests that the budget grant under "Training Depot and repair of carts" during the current year be raised from Rs. 800/- to Rs.7500/-

for the above purpose and propeses to recover the extra cost by rais ing the price of bullocks from Rs.120/- to Rs.150/- per head, but as the training of bullocks will not extend to a full year, I would ... recommend that the expenditure actually incurred every month may be debited to Mobilization grant, until the training is over.

3. The Superintendent requests that he may be given an advance of Rs.2000/- to meet the initial charges such as cutting and collecting grass etc. at once, as the allotment of Rs. 800/- during the current year is not sufficient. I request therefore that very early orders of Government may be obtained, sanctioning the proposal to open the training Depots and incurring the monthly and initial expenditure as also the payment of advance asked for. As the matter is urgent, I have asked the Superintendent to start the Depots and commence the training of bullocks, in anticipation of sanction of Government.

I have the honor to be Sir

of the Corps at present are all of the A.M. breed or whether there are Country bullocks also, and if the latter be the case what objection there is to allow the Govt of India to replace casualties by any breed of bullocks that may be available as ~~Kindly~~ agreed to by them.

2. If, however, ~~there are~~ it is necessary ~~strong reasons to limit~~ for limiting that ~~that~~ the replacement shall solely be of the A.M. breed alone I am to enquire whether the A.M. Letter No.524 dated 17th January 1917 from the Superintendent Amrut Mahal Department, Mysore, to the Chief Commandant, Mysore State Troops, Bangalore.

=====

With reference to the concluding para of my letter No.290 dated the 22nd Ultimo regarding the pay of the graziers or -- trainers of the newly started training depots, I have the honor to state that there are at present 127 and 164 bullocks in the Bidrehalla and Birur depots undergoing training, I inspected the former depot on the 12th instant and found that they are well taken care of. The graziers in charge of them are taking a good deal of interest to train them soon and they demand Rs.8/- each per month as the work is risky. This involves an additional -- expenditure of Rs.20/- per month, which, if sanctioned, will be a great incentive to good work. I therefore beg you will be good enough to obtain sanction of Government at an early date for the extra expenditure now applied for as no one could be procured in villages for less than the above sum.

Sir,

With reference to your letter No.G.9302/Mily.59-16-110 dated 8th January 1917, I have the honor to state that the bullocks of the Mysore Imperial Service Transport Corps are all of the Amrut Mahal Breed with the exception of a few that were purchased by the Office Assistant to make up the number of trained animals required for the Field when the Corps was ordered to Mobilize. As far as the Chief Commandant understands His Highness's intention is that our Transport Corps should consist of animals only of the Amrut Mahal breed and not of any others and he thinks the Amrut Mahal Department can supply the number required to replace casualties in the Field and also those required for the Depot.

2. As it is since proposed to keep the Depot strength of bullocks at 354, with the necessary --- personnel vide my letter No.8401 dated 5th March 191 and the --- statement

statement forwarded therewith, I note in the margin the details of charges to be ----- incurred by the ------ Superintendent Amrut Mahal Department for maintaining 250 bullocks in the training Depots at Birur and Bidrèhalla until they are transferred to the Depot Imperial Service Transport Corps, Bangalore. It is not possible to anticipate what the exact number of animals would be that may be ---- required for the Field this year. However estimating it at 250 bullocks the Superintendent Amrut Mahal Department has been asked to reserve these 250 and have them trained at Birur and Bidrehalli as early as possible; when ready all these will be taken over to the Depot at --- Bangalore for completing the proposed strength as mentioned above; when these bullocks are received at the Depot at Bangalore, the cost of their feed and keep to be incurred will be debited as usual to the provision made in the budget for "feed and keep of ponies and bullocks".

3. I request that early sanction may kindly be accorded for the charges to be incurred by the Superintendent Amrut Mahal Department as noted above while the bullocks are being trained at Birur and Bidrehalla Depots.

Sir,

In inviting reference to my letter No.5612 dated 16th December 1916, requesting to obtain orders of Government sanctioning the proposal t-o open the Training Depots of Amrut Mahal Department and i-n curring the monthly and initial expenditure as also the pay--ment of advance of Rs.2000/- to the Superintendent Amrut Mahal -- De-partment to meet the charges such as cutting and collecting grass etc, I have the honor to state that Government Order No.G.12915-16/59-16-166 dated 30th March 1917 only sanctioned the proposals to open the Depots but not the payment of the advance asked for. The Superintendent Amrut Mahal Department now reports in his letter No.41 dated 14th March 1917, that the sum of Rs.800/- provided in the budge under "Training Depots" having already been spent to start the Depots sufficient grass could not be cut and stacked at Birur and requests that an advance of Rs.300/- may be given him to purchase ragi grass .

I request therefore that you will be so good as to authoris the Comptroller to place the above sum at the Superintendent's disposal at a very early date pending adjustment of the same by submission of detailed bills and vouchers.

Sir,

With reference to Government Order No.G.12915-16/Mily. 59-16-166 dated 30th March 1917, I have the honor to forward herewi a copy of letter No.488 dated 14th April 1917 from the Superintende Amrut Mahal Department requesting to transfer a sum of R$.4201/- as det-ailed in his letter to the head "Training Depot" from the --- Mobilization grant for the current year for the. As it is already ordered in the Government Order referred to that the expenditure ac-tually incurred should be debited to the Mobilization grant and that t-he attendants in the Depots should be reduced proportionate as the bullocks are trained and sent to Bangalore, I think it woul be more convenient to advance the above sum to the Superintendent pending adjustment of the same by submission of detailed bills instead of transferring the amount from one budget head to anoth As the Superintendent has also asked for the amount being paid to him from January 1917 evidently he means that the expenditure is being incurred from 1st January and I request therefore that you will kindly obtain sanction of Government for the Government Ord dated 30th March 1917 being given effect to from 1st January 191 and for the amount of R$.4201/- being advanced to the Superinten from the Mobilization grant during the current year.
